Subject: Call for participation in openIMIS-DRG Datathon

Dear Sir,

Center for Applied Research and Development (CARD) in collaboration with Asia eHealth Information Network (AeHIN) is organizing a datathon on Jun 3-5 2022 for young digital health advocates to study the open-source Insurance Management Information System (openIMIS) data model and the Thai Diagnosis-related groups (DRGs) -compliant 12-table system. The outcome of this datathon will be fed into the future development of the OpenIMIS database design for countries like Nepal, Tanzania, etc.

The application for participation is open till May 31, 2022. A team composed of minimum of two engineering/IT students in collaboration with medical domain students/experts is preferred.

The first three teams to submit the most complete and accurate mapping will win the following prizes.

First prize EUR 500	Second prize EUR 300	Third prize EUR 200
-------------------------------	--------------------------------	-------------------------------

I request you to disseminate this information to interested students of your campus. The details about the datathon and registration link can be accessed via <https://card.ioe.edu.np/openimis-drg-datathon/>

Thank You,
Prof. Dr. Sangeeta Singh
Director
